the 1990s, the number of people in the world who are undernourished has increased from 600 million to 800 million (FAO 1996).

There is a growing awareness of the need to improve the nutritional status of the world's population. The World Bank (1992) has estimated that the cost of malnutrition in the world is \$100 billion per year. The World Health Organization (1992) has estimated that the cost of malnutrition in the world is \$100 billion per year.
